

**Music development plan summary:
St George's Hanover Square CE Primary School**

Overview

Detail	Information
Academic year that this summary covers	2025-26
Date this summary was published	October 2025
Date this summary will be reviewed	October 2026
Name of the school music lead	Sateesh Phillips
Name of school leadership team member with responsibility for music (if different)	Elizabeth Barnes
Name of local music hub	West London Music Hub (Tri-borough music service)
Name of other music education organisation(s) (if partnership in place)	N/A

This is a summary of how our school delivers music education to all our pupils across three areas – curriculum music, co-curricular provision and musical experiences – and what changes we are planning in future years. This information is to help pupils and parents or carers understand what our school offers and who we work with to support our pupils' music education.

Part A: Curriculum music

This is about what we teach in lesson time, how much time is spent teaching music and any music qualifications or awards that pupils can achieve.

<p><u>Part A text</u> What we teach in lesson time, how much time is spent teaching music and any music qualifications or awards that pupils can achieve.</p> <p><u>Link to the school curriculum for music for each year group online</u> Whole school curriculum map St George's Hanover Square CE Primary School (sghsprimary.co.uk)</p> <p><u>Time per week is allocated for curriculum music for each key stage and term (or each half-term) of the academic year</u> Music lessons are taught by a specialist music teacher weekly: KS1: 45 minutes KS2: 45 minutes</p> <p><u>How we are increasing access for disabled pupils and supporting pupils with special educational needs (SEND)</u> Within each lesson, teachers use their professional judgement to help those children with SEND access the curriculum and also achieve the end points. This may be greater scaffolding or access to adapted resources.</p> <p><u>Curriculum guidance informing the music curriculum</u> Our school uses the non-statutory framework of the National Curriculum Model Music</p>
--

Curriculum 2021 (MMC) as the basis for its curriculum planning.

The MMC sets out sequences of learning in the following key areas which when taken together, all contribute towards the steadily increasing development of musicianship:

- Singing
- Listening
- Composing
- Performing/Instrumental Performance

Utilising the non-statutory framework of the MMC as the basis for curriculum planning and building on the National Curriculum for Music, our school curriculum has been developed using the Oak Academy primary music curriculum.

Brief summary of the opportunities pupils have to learn to sing or play an instrument during lesson time

Singing

For our school, musical learning begins with the voice and our teaching focuses on developing the children's ability to sing in tune and with other people with increasing levels of challenge and complexity. Throughout our curriculum pupils develop their musicianship through whole class and group singing activities in all year groups.

For example:

- Year 1: changing the pitch of our singing voices
- Year 2: learning how to sing using tempo and dynamics
- Year 3: learning how to sing using vocal ostinato
- Year 4: learning how to sing with improvised responses
- Year 5: learning to sing melodies and improvised tunes
- Year 6: learning about harmony and to sing in canon

Playing instruments

All classes have opportunities to play tuned and untuned instruments as they progress throughout the school.

For example:

- Year 1: playing basic rhythm responses on untuned instruments e.g. drums
- Year 2: using drones as an accompaniment, playing a basic rhythmic pattern on drums and keeping steady tempo
- Year 3: exploring high and low sounds using instruments
- Year 4: using instruments to improvise and create Samba breaks, layering rhythms using a drum kit, playing pitched and non-pitched percussion
- Year 5: playing a melody on a xylophone using the C major scale, performing an ostinato piece using percussion, playing bass and tone ostinato patterns on a djembe drum
- Year 6: layering and performing syncopated rhythms to create a three part texture using body percussion

The Wider Opportunities Scheme is a government-initiated scheme designed to meet the pledge set out in the Music Manifesto that over time, every KS2 child should have the chance to learn a musical instrument. Wider Opportunities projects achieve this through whole classes learning instruments and playing together as a group.

Information on partnerships the school has to support curriculum music

The school works in partnership with Pelican Music, who provide:

- The opportunity for children to study a musical instrument with peripatetic teachers

Part B: Extra-curricular music

This is about opportunities for pupils to sing and play music, outside of lesson time, including choirs, ensembles and bands, and how pupils can make progress in music beyond the core curriculum.

Part B - Music tuition, choirs and ensembles

Opportunities for pupils to sing and play music, outside of lesson time, including choirs, ensembles and bands, and how pupils can make progress in music beyond the core curriculum.

One-to-one, small-group and large-group tuition for instruments

Children are offered the opportunity to study a musical instrument with peripatetic music teachers, provided by Pelican Music Service. These lessons are taught to small groups of children or individually.

Our children choose to learn one of a variety of instruments, such as the recorder, guitar, Piano and violin. This is in addition to the normal music teaching of the school, but usually takes place during curriculum time.

One-to-one, small-group and large-group tuition for voice

We have a school choir which we encourage children in KS2 to join. The choir meets on a weekly basis and, although its primary aim is to enable children to enjoy singing together, it also performs in public on a number of occasions throughout the year.

Singing is important in our school and children have many opportunities to sing during class assemblies, church services and in class.

How pupils can make progress in music outside of lesson time

Children who receive peripatetic guitar or piano teaching, have access to the use of loaned keyboards and guitars.

Children taking part in the termly school music concerts are encouraged to practise their songs at home.

Weekend, after-school or holiday provision

The Music Service offers Saturday morning music provision for children who are learning instruments.

Instrument loans

Children who receive peripatetic guitar or piano teaching, have access to the use of loaned keyboards and guitars.

What instruments are offered, charging and remissions information, and if the tuition is subsidised or free, including for parents or carers in particular circumstances (e.g. pupil premium eligibility)

The Pelican Music Service provides a subsidised rate for musical tuition for pupils with pupil premium eligibility.

How pupils can join choirs or ensembles and from which year groups, charging and remissions information, and if the tuition is subsidised or free, including for parents or carers in particular circumstances (e.g. pupil premium eligibility).

The choir provided by the school is free for all pupils.

The Music Service provides subsidised rates for ensembles, which may take place after school or at weekends.

Where pupils can rehearse or practice individually or in groups

The school has a dedicated music space for choir rehearsal, music lessons, individual music practice and lessons and performances.

Awards pupils can achieve

Children's musical successes are celebrated during our celebration assemblies where certificates are presented to the children in front of the school.

Part C: Musical events and performances

This is about all the other musical events and opportunities that we organise, such as singing in assembly, concerts and shows, and trips to professional concerts.

Part C - Musical performances

Other musical events and opportunities that we organise, such as singing in assembly, concerts and shows, and trips to professional concerts.

Singing in assembly and church

All children take part in a weekly singing assembly, where they build up a bank of songs and hymns they learn throughout their time in our school.

Singing for all children takes place at the beginning of every daily assembly.

The school takes part in regular church services at the local church and all children learn relevant songs which match the liturgical calendar e.g. Harvest Festival and Christmas.

This is supported by our specialist music teacher.

Concerts and shows

The school has a termly music concert for parents and carers where classes showcase what they have been learning in the music curriculum. All children who are learning an instrument outside lessons also take part in this termly musical concert.

At the end of KS2, Year 6 perform a show, which includes performing songs.

The school performs a Nativity, involving Reception and KS1.

The school choir performs at various community venues throughout the year.

This is supported by our specialist music teacher.

Trips to professional concerts

Individual classes and the school choir attend classical concerts at St George's Hanover Square Church.

Year 5 and 6 children all watch a musical theatre production in the West End annually.

Charging information, and if events are subsidised or free, including for parents or carers in particular circumstances (e.g. pupil premium eligibility)

All of our music concerts and performances are free for all parents.

In the future

This is about what the school is planning for subsequent years.

Use this space to include any information on any improvements you plan to make for subsequent years in curriculum music, co-curricular music or musical experiences, including when you plan to introduce changes.

Also consider including:

- *any information that relates to the 7 features of high-quality music provision (see the text box at the beginning of the template), such as increasing lesson time to one hour a week each term, introducing the teaching of new instruments or having a termly school performance.*

The school fully meets the criteria for the following areas of the 7 features of high-quality music provision:

- access to lessons across a range of instruments, and voice
- a school choir or vocal ensemble
- a school ensemble, band or group
- space for rehearsals and individual practice
- a termly school performance

Planning for the future

- We will be working towards timetabling of the music curriculum for one hour per week to be in place by September 2025.
- We will be working towards all children in a specific year group learning an instrument through the Wider Opportunities Music Scheme.
- We will be working towards giving all children the opportunity to enjoy live performance at least once a year to be in place by September 2025.

Further information (optional)

Use this space to provide any further information about your school's music development plan, including links to your local music hub partners, other local music education organisations and contacts.

The Department for Education publishes a [guide for parents and young people](#) on how they can get involved in music in and out of school, and where they can go to for support beyond the school.

Your local [music hub](#) should also have a local plan for music education in place from September 2024 that should include useful information.

If your school is part of a multi-academy trust with a trust-wide music development plan, you may also want to include a link to any published information on this plan.
